Bible Verse of the Month

Ephesians 2:8-10

“⁸ For by grace are ye saved through faith; that not of yourselves it is the gift of God: ⁹ Not of works lest any man should boast. ¹⁰ For we are His workmanship, created unto Christ Jesus unto good works, which God hath before ordained that we should walk in them.”

[KJV]

Jewelry Thieves Found reported by Robert Halt

Sorry, about last month's jewelry robbers found article. Courtney got mixed up, but we forgot to mention that the Roses were also robbed, not just the Firs.

The robbers for the Roses were found last month. This month on the first, we found the robbers of the Firs. James Furt'O and Gerald Vera were found to have Mrs. Fir's jewelry and money of Mr. Fir's. They admitted that they were the Fir's money and jewels.

Farmer's Market written by Emily Hullete

The Farmer's Market is coming to town during the second week of August! Fresh bread, candy, veggies, fruit, wheat, grains, cows, goats, horses, and much more will be there with prices ranging from a penny to two hundred dollars!

Robbery at the Farmer's Market written by Robert Halt

On the 9th, a horse was robbed from Handel Zimmerman who had 13 horses and sold only 9. As he was returning home that evening, he found that he was missing one of his unsold horses.

Many people have been asked if they had seen this robbery. Many of them say that a dog was seen taking a horse from the stall in which the horse was in and sunk away. Others say it was a cat. The cat was a small black cat with white eyes. He wore a straw hat, red glasses, an old blue, jean jacket, and jean pants. The dog wore that same thing. The horse was a black horse with a splotch of white on it's left thigh and over it's right eye. It has one leg that has some brown hair too. If you see a cat with a horse or a dog with a horse that matches this description, please notify the police and try to follow him.

Thief Found
written by Robert Halt

The thief was a cat. The cat was noticed when he stopped by an inn in Lowery. The stable man noticed that the horse was the same horse in the newspaper, so he notified the police and the inn master.

Cheese Moon Hunt?
Written by William Burghs

Moon Cheese is this true or is it a myth. Well, Fred, Buck Fir, Ella, and White Fang Rose, along with others say it isn't a myth. So Fred, Ella, and White Fang Rose, with Buck Fir as supervisor, set out to find if it is true or not.

They used one of Fred's spaceships called "Moon Cheese Exploration" for the trip. While Fred charts space, Ella, White Fang Rose, and Buck Fir get tools, like a bulldozer, ready in case they find a cheese moon and they actually do, along with a ice cream moon with rivers of ice cream.

They gathered 33.5 hundred space tons (one space ton is 2,000 tons) of both ice cream and cheese.

On a cheese moon it can be 55 degrees at the hottest and 32 degrees at the coldest. It is chilly on a ice cream moon. They had to wear sweats, like ten sweats, three hot blankets, and use a heated bulldozer. It can be -30,000,000 at the coldest and it hardly ever reaches -20,000,000. It was cold there. They ate burning hot tortillas with rice, and warmed-up ice cream.

They returned on the twentieth, and they left on the fourth.

Space News
by Elysabeth McDunn

On the 22nd of July, Mr. Forester returned from Earth on treaty-visit. The humans of The United States of America decided to sign the treaty.

Mr. Forester saw thousands of cars that the humans had built. He even rode in one and it didn't explode. He likes cars.

On the 24th, the A.S.S.E. Center sent out into space space ships to carry materials to Akafouliatarock to build the colony.

On the 28th, Iceburg Rose left in a small space ship to Akafouliatarock to see how the colony was in building.

On the 15th, the A.S.S.E. Announced that they would show their plan of escape to the public next month.

Fire in Farjay

reported by Elysabeth McDunn

Twenty houses were burned down in Farjay on the 13th through the 14th. The fire was said to be started by a car that caught on fire, but some say it was Fred Fir's helmet. It wasn't Fred, but it was a car by *El Sor*.

The fire started at 10 pm and was stopped at 6 pm.

Mr. Fir is asked why he doesn't like cars.

Reported by Elysabeth McDunn

“Why do you not like cars, Mr. Fir?” asked the reporter.

“I do not trust cars,” answered Mr. Fir.

“Why can you not trust cars since Necko ElGeckie has built a car that is not dangerous?” returned the reporters.

“Cars explode. I don't trust Necko's idea of cars and their cost.”

“Would you trust someone other than *El Sor*'s cars?” the reporters asked.

“No, unless they were the human's cars. No.”

Found Assassin Gorilla

The President got shot on April 15th during Mr. Rose's Wedding ceremony. The assassin is known. He snuck in and shot the President three times! The President was rushed to the hospital which was across the street. One bullet went through his ear. Another broke his right arm, and another broke his left leg. We know that the assassin was wearing: RED SOCKS, HAD A PISTOL WITH THREE BARRELS, WORE A GREEN SUIT, AND A BLACK TOP HAT WITH A RED BAND. IT WAS A GORILLA. WHO WAS TALLER THAN EVERYONE ELSE IN THE CHURCH.

We finally found this gorilla after three months of searching. We have him in County Prison. We will now have many more peaceful months. The D.A.F. Or The Detective Animalzanians of Farjay have caught this gorilla. The President was nearly killed. We hope that the President stays safe.

-Leader Mr. Rose of the D.A.F.

Irisland is much better reported by Elysabeth McDunn

The potato disease which started last month is finally gotten down, from news from Irisland on the 6th.

They burned the land, plants and all and poured gallons of vinegar into the soil. The grubs died.

The Irislanders think that the grubs were able to lay eggs before the Irislanders were able to treat the land. This time they are sure they have gotten rid of the grubs once and for all.

The scientists in Irisland are trying to make a liquid that will kill the grubs and the eggs and not harm the plants.

Fire in England

There was a fire in England on the 7th. It was started in Coldcreek Country and ended up in London Country. It was started by a camper who left his fire on.

The blaze was stopped on the 31st. It burned a lot of land and a lot of homes. The survivors are not known and we do not know how many were killed.

Moral: Persevere and Don't Envy

By: Courtney Riojas

There once was a little boy who loved to bicycle. He could bicycle in the mountains, on the beach, in the desert, in the plains, over hills, and into creeks.

One day, he decided that he would bicycle through the Himalayas. He fell off his bike a lot, lost his map, his compass, and popped his tires. While he was pumping up his tires, he thought, "Why do I have to do this? I could just go back home." He looked around him, "Well, I am this far up the trail. I should continue, but it is so hard to bicycle here. I would still have to travel back." He started to turn back. Then he turned around and bicycled the trail. At the end of the trail, his family cheered for him. He felt happy that he had decided to persevere and finish the trail.

Guess who the names are?

There are two new names in the newspaper that have never been seen before in it. They are mentioned a few times as the reporter of the article and are listed in the reporter's section of the closing. Can you guess who they are? Wait till the next newspaper and you will find out.

MANUEL FOR VOTING IN THE PRIMARIES AND THE ELECTION

1. This is the *advised* voting form. If you are voting at home you must send in your votes so that they will arrive at the end of August for the primaries and the end of November for the election. Each stuffed animal can vote *twice* for anyone who is running. Example:

- 1. Animal#1 votes for Mr. Blank#1
Animal#1 votes for Mr. Blank#2
- 2. Animal#2 votes for Mr. Blank#3
Animal#2 votes for Mr. Blank#3

The each stuffed animal can vote for the same person twice or put one vote for one person and another for a different person. Each animal can vote twice and *no more* than twice. The reason why we do this is so that the stuffed animal plays as if it is two different people. Please put the votes on *individual* papers.

- If you vote at home make sure you count **CORRECTLY** how many votes each person got and *send* in the number of votes the persons got in to the newspaper. Example:

Person#1 ____ votes
Person#2 ____ votes
Person#3 ____ votes

2.If you are voting by phone, you should do the same thing for voting at home except you tell the person who the animal is voting for.

The voting can begin for the primaries on the *first of August*. Make sure the votes are counted up correctly and sent in so that they can be received by the end of August.

The voting can begin for the election on the *first of October*. Make sure that the votes are counted up correctly and sent in so that they can be received before November 4th which is Election Day!

The results will be shown in the newspaper.

If there is a tie, we will *redo* the voting again and add the second amount of votes to the tied number.

Example:

Person#1 has 33 votes and Person#2 has 33 votes.

-We will redo the voting and add

Person#1- 33 votes	Person#2- 33 votes
+64 votes	+54 votes
=97 votes	=87 votes

Person#1 won.

Thank you! Please save this for use in the election. If you have any questions *please* tell us.

Also just to note, everyone who is a *member* **MUST** vote, or in other words: Make his stuffed animals vote. **THIS MONTH IS THE PRIMARIES!!!!!!!!!!!!!!**

Thank you!
