Space Colony In Progress

Written by the A.S.S.E.C.

The planet Akafouliatarock which is in the solar system Kirkiktahi was first mentioned in the November and December 2011 newspaper. In the February 2012 one, it was mentioned again. We have decided to try to colonize this planet since it has a lot of water. We will try to build structures that will keep the water out. We mean to build a little above the water too. It will have emergency evacuation systems and a lift off pad to the right of the town [note: lift off pad is not in picture one. It is in picture two.] We will announce when it is ready for inhabitants.

Drawing 2: Lift off Pad

Drawing 1: Plan for Colony

Fair Oaks Beach with camping is opening on the 25th. It is located south of Farjay.

\$5 each animal

\$50 for a month

\$15 for a week

\$10for two days

We hope that you all will enjoy your stay if you choose any of these campsites for your summer vacation time. Note: We have only 200 sites at each place.

School is out!

By Mrs. Loss

On the 1st, school has gotten out. The children over all did excellently on all their exams and tests. We would like to thank all the hard workers who helped in this school year. We would love you to come again. Like our motto, "The parents are our teachers", we have followed it by letting Mr. Jumper, a scientist, teach science and many other parents have had the opportunity of teaching the children. The children have done an outstanding job. Thank you for all your hard work.

Thank you! Every one have a wonderful vacation this summer. See you in September!

Elm Trees

by Scientist Elaine G. Cunning

The Elm Trees in Animalzanian and England have a deadly disease. In order to contain it in these countries, the government has asked that all exports of elm trees are to be stopped until the disease is past. Any one with an elm diseased should burn it. Thank you for all your consideration. We are trying our best to make something that will help the disease to be eliminated before the elms are wiped out.

Town News . . .

GAME STORE ROBBED OF \$5,000,000 A. CASH

Somehow at 3:00 AM a band of robbers robbed the game store. The owner double-locked the doors. We heard from him that he heard a gunshot and straightway got a shotgun and ran into the room. A Animal was at the counter grabbing cash from a drawer. The owner shot at him but barely hit him. A moment later the owner was unconscious, but the band of thieves had left. If anyone knows any thing about this incident head to the police department.

-Josiah Riojas or Policeman James R. Ronald

Warehouse wants workers

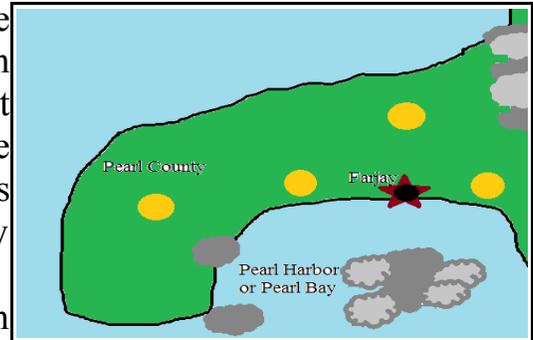

Please come you will earn \$5,000.

The Warehouse needs an accountant. Please come to the Warehouse for further information.

Weather Report

Weather in Farjay

The weather will be hot with some cool breezes blowing from the harbor. There are clouds in the south and east. We might get rain because they are nimbostratus clouds

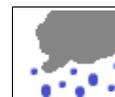

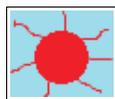

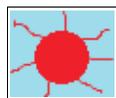

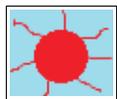

which are dark gray and cover the sky. They usually bring heavy rain for long periods of time.

The weather in Selma and Fresno has been hot, but we don't know whether there will be any rain. Most likely it will be sunny, but rain would be nice.

The President's Little Speech

by Mr. Forester

Fathers of Farjay, we are so glad that you take the time to train our young boys about the daily things that will be useful to them in the future, and more importantly teaching them about God. We are thankful for you, fathers of Farjay. [Also it includes Earth too.] Happy Father's Day! God gave us good fathers.

This was the speech Mr. Rose did in the June 2011 ed.

World News

Fires in England

A destructive fire burned down twenty homes on the 2nd and 4th. The fire burned down one hundred miles of land. The fire was put out after much hard work. There was another fire that was caused by a mouse standing in a puddle of oil. He set his shoes out to dry by the fire when they burst into flames. That fire was quickly put out by the mouse as he lifted the bathtub and poured out the water over the flaming boots. The only destruction was in the boots and the floor.

Robbery of England's Gold Treasury

Late on the 26th, the watch of the Gold treasury in in England took a break. While he went to a nearby restaurant and the new watch was coming, a Dog stole the Gold in the treasury. There was at least 1,000,000,000,000 dollars worth of gold in there. The Dog was last seen in a huge pick-up truck driving away with a pile of "dirt" underneath of which according to a witness who stated, "I went up to him and asked, 'What have you got in that truck?' He gruffly replied that it was none of my business and that it was only dirt.' I touched the dirt as he went by and brushed off some of it and underneath there was gold." The license plate was AC1D3452. If seen anywhere please notify the Royal English Police or R.E.P.

Necko Gecko ElGeckie has built a car that works! Inerveiw included.

Reporter: Courtney Riojas

Scientific studies and experiments on building vehicles using gasoline or oil or coal to run on instead of horse power have been long given up in dispair! All the vehicles either died or exploded with such force that the buildings in which it was tested would colaspe. But now Necko Gecko ElGeckie, along with others, have finally found a way to build them that way they do not die within 24 hours of their first test or explode. These cars have a 50 year warranty. That means they last longer than a few minutes or 24 hours. People now can buy cars if they have 1,000,000 dollars. Necko Gecko ElGeckie would soon become a billionaire or millionaire if people really did have that much money. People are asking Necko Gecko ElGeckie if he could build cars in such a way that they are cheaper. We will have to wait to hear what he says. [we are asking by sending an e-mail]. . . . The reply was, in exact words from the e-mail:

"Necko replied to reporters that the high cost was necessary to ensure the best materials which are necessary to prevent the vehicle from exploding (the insurance coverage is nothing to sneeze at too). Perhaps the Government can subsidize the cars expense? But I don't see that happening any time soon with Canimalitives in charge. :) "

The reporters asked,"Does that mean you want the insurance coverage should go down. How could the Government subsidize the cars expense? Do you have any ideas

on how they could do that effectively?" [...]

"That would help. Maybe if the government did something about it, we could further reduce costs. Well, if they offer to give people who buy they car a rebate of sorts, then the car would be more affordable. Well, it would work like this: you buy the car and the government will give some money back to offset the cost. So instead of paying one million, you maybe only pay sixty thousand. That would be great! People will be able able to travel faster than by horse, spend nothing on feed for the horse, and have more time to do what they like. "

"But that would mean the taxes would have to go up for the taxpayers so that the government can make the car affordable by doing rebates," said the reporters.

Birthdays in June

Mrs. Lisa Riojas	
28th	39
Mrs. Elenore Rose	
27th	30
Alissa	
9th	13

Happy Birthday!

Mrs. Riojas has now had her 39th birthday. She has worked hard in giving us encouragement. She helps us by reading the newspaper after we have printed it. She looks at it and shows us errors and laughs. We are grateful for her. We hope she has a happy birthday! God bless her. HAPPY BIRTHDAY!

Written with much love by her daughter, Courtney

"The heavens declare the glory of God and the
firmament shewth His handiwork.
Day unto day uttereth speech, and night unto night sheweth knowledge.
There is no speech nor language, where their voice is not heard."

Psalm 19: 1-3

Speeches

Manuel to vote at your home or by phone
for the election and the primaries is in here.

Mr. Peter Fir
a conanimlative

Mr. Munkey
a animalibral

Mr. Larry J. June
an conanimaltive

Thomas Key
a animalibral

There are no speeches this month because we have changed the schedule. There will be a speech next month. Thank you.

July 26th, 2012

~PRIMARIES IN AUGUST~

September 20th, 2012

October 30th, 2012

~ELECTION DAY 4th~

****Victory Speech on November 21st, 2012**

~INAUGURATION ON JANUARY 1ST, 2013~

****Inauguration Speech January 1st, 2013**

**means that the new President will speak

Note:

We are going to have Questions and Answers in **July**, next month. We would love it if anyone who has any questions to ask the Animals who are running to please send the questions to the newspaper very soon.

Thank you!

This is the hardest part of the newspaper.

MANUEL FOR VOTING IN THE PRIMARIES AND THE ELECTION

1.If you are voting at home you must send in your votes so that they will arrive at the end of August for the primaries and the end of November for the election. Each stuffed animal can vote twice for anyone who is running. Example:

- 1.Animal#1 votes for Mr. Blank#1
Animal#1 votes for Mr. Blank#2
- 2.Animal#2 votes for Mr. Blank#3
Animal#2 votes for Mr. Blank#3

The each stuffed animal can vote for the same person twice or put one vote for one person and another for a different person. Each animal can vote twice and no more than twice. The reason why we do this is so that the stuffed animal plays as if it is two different people. Please put the votes on individual papers.

- If you vote at home make sure you count CORRECTLY how many votes each person got and send in the number of votes the persons got in to the newspaper. Example:

Person#1 ____ votes
Person#2 ____ votes
Person#3 ____ votes

2.If you are voting by phone, you should do the same thing for voting at home except you tell the person who the animal is voting for.

The voting can begin for the primaries on the first of August. Make sure the votes are counted up correctly and sent in so that they can be received by the end of August.

The voting can begin for the election on the first of October. Make sure that the votes are counted up correctly and sent in so that they can be received before November 4th which is Election Day!

The results will be shown in the newspaper.

If there is a tie in anything we will redo the voting again and add the second amount of votes to the tied number. Example:

Person#1 has 33 votes and Person#2 has 33 votes.

-We will redo the voting and add

Person#1- 33 votes	Person#2- 33 votes
+64 votes	+54 votes
=97 votes	=87 votes

Person#1 won.

Thank you! Please save this for use in the election. If you have any questions please tell us. Also just to note everyone who is a member MUST vote, or in other words: Make his stuffed animals vote.

Thank you!

Story Corner

Written by Courtney Riojas

Moral: Persevere

There once was a little, low wooded building with a brick fire place out of which smoke seemed to pour out of day and night. This was the blacksmith's shop. One day he got an order for a hundred nails and 14 horses which needed shoes. He began to heat up the iron till it was red hot. He then pinched it with his iron pincers and formed it by hitting it with his anvil. He stood there and formed every one of with especial care.

The town boys said, "Do come out and play with us. Stop your work. Do! Do!" but he shook his head and replied, "I have work to do. I must shape this or else I won't be doing my job." The boys would come day after day and tease him to make him come over and play with them. He only said, "No," and went back to his work. Soon he was done with the nails. Now he must make 54 horse shoes. He again heated the iron and pounded it out with his anvil. The boys still called for him, and he would still say no. Later the gentleman returned and he shod the horses and gave him the bag of nails. His work was done.

*God shapes us into the things
He wants us to be just as the
blacksmith shapes out the
things he wants to make.
We can learn to persevere.*

All of these are written by Courtney Riojas. Enjoy!

Summer

Summer is a time of joy.
Like the joy of coming home,
Or summer is a time of rest
From study, work and school.
No tests or quizzes.
Summer! Summer!
Oh, sweet summer.

Summer is a time of laughter,
And children running everywhere.
Summer is a thing expecting,
A thought a long way off,
A want just an inch too far.
Summer! Summer!
Oh, sweet summer.

Summer comes only once a year,
Healthy and happy we go about:
Diving, running, swimming, jumping.
Oh, summer! Summer!
Oh, sweet, sweet, summer.

Because I Hear You Pray

Because I hear you pray,
You show me how,
You ask the Lord for help
You thank Him for His works.
How you've prayed,
I have taken as my own, in a way.
I am thankful for your prayers
For you show me how you pray.
Thank you for showing

Me how to pray

Though you never knew,
That you are helping me
To pray. You are helping me
For my future.
Thank you, mom.

The Candle

The Darkness lay.
None could see.
Groping blindly,
Seeking vainly.
The Darkness lay in every heart,
No candle could challenge the Dark.

Then the Candle,
With steady flame
Tore the Darkness;
Challenged it.
The Candle shone,
In the Darkness like
A lighthouse on a stormy night.

The Candle lit
Many tiny candles,
Sending them out into the Dark.
The Darkness snuffed one,
But more flamed up.
The Darkness no more could hold,
The hearts of men.
The Candle and the little candles,
Lit up the Dark,
And soon shall prevail.

Peace

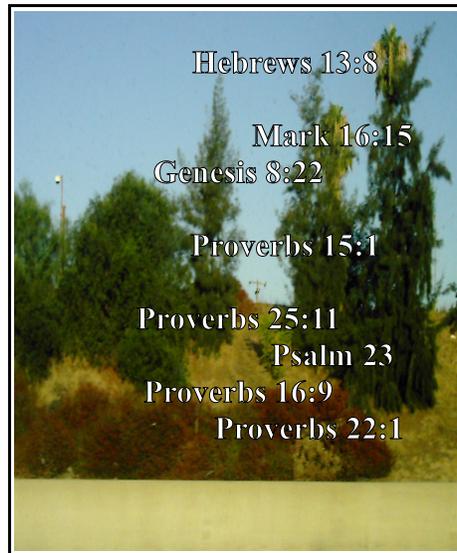

Peace is like a slow,
 Fountain.
As it flows serenely,
 O'er the edges.
Peace is like an,
 Assurance,
For God is the One,
 Who gives it.

Safe in Father's Arms

Safe in my Father's arms,
No ill can befall,
And no word remove me.
He carries me on His arm.
Holding me close,
Saying in a comforting
Whisper, "Nothing can separate you from Me and My love."

*This poem was written to celebrate
that Mr. Riojas had read through the
Lord of the Rings on May 14th of 2010*
The Ring

One Ring,
Out of fire,
Out of the fire of Mt. Doom.
One Ring,
To betray,
One Ring,
To fall,
One ring to fall into the fire of Mt. Doom.
