Mr. Fir . . . . p. \_\_\_\_\_

Mr. Forester . . . p. \_\_\_\_\_

Thank you!

-NR

I, Peter Fir, run for Christianity.  
Conanimatives, and no 'Big Government'  
'Big Government' wants to be a "Mama + Papa".  
They want to spoil you, and turn this  
nation into a junk heap; whereas, we have all  
these wonderful freedoms unlike other nations,  
which don't, and have no liberties. And we can  
help them if we choose. ~~By setting up a gov-~~  
~~ernment like France.~~ <sup>By liberating</sup> I therefore believe it  
is my duty, to my country, to love it, ~~to~~  
to help it be as good as it possibly can,  
with God's help.

Amen.

I, Luke Forester, am running

~~because~~ for Christianity, no welfare,  
no "Big Government", no Communism, and  
~~com~~ conanimatives. I never want to  
see this nation + be an atheist, Communist,  
"Big Government" welfare country.  
I hope that it never happens.

Next month is the day we shall  
see who has won the championships.  
I will not act like a sore loser if I  
am defeated, and I won't ~~we~~ be a stuck  
up pig (if I win). Thanks you for letting  
me serve you. I hope, if it is God's  
will, that I will win.

"It's not nearly as important how people act to me

A Poet and Did'n't know It

as it is how I react to them."  
-Dr. Ed Nelson

"Savior Shepherd  
Savior Shepherd,  
Keep me in Thy care.  
Help me, love me.

Savior Shepherd,  
Keep me in Thy fold,  
Love me with Thy all.

Savior Shepherd,  
I love Thee.

You save me,  
From the prowling bear  
And from the fierce lion.

"A soft answer turneth away wrath,  
But grievous words stir up anger."

"Speak fitly,  
or be silent wise."  
-George Herbert

"Savior Shepherd" cont.

Savior Shepherd  
Lead and guide me.  
For I need Thy care.  
Thy voice Thy sheep,  
Shall follow,  
Through storm and wind,  
And rain.  
Always trusting,  
That our Shepherd,  
Leads us to the Fold.

## "Earth Discoveries"

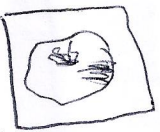

WarlaK

Since the return of Whitefang, Fritz, and the crew on the 28th, we have had stories and reports of Earth. The planet is mostly water. It has 7 continents. They landed on one which was tropical. They landed on a ~~desert~~ desert.

with (C. Adacoma Desert) <sup>(S. America)</sup> which is beside a huge mountain range (Andes Mts.). The land was dry. Trees were as tall as mountains, and mountains were gigantic. Frogs were smaller than Frogs here. (more like frogs (Frogs = talk frogs = un-talk) which are wild) The rest + were huge.

"Our ship was as big as a table leg!"  
"We were getting used to the land when a huge man marched up to a tree and chopped it down. It fell on top of our space ship. We felt so scared and lost. We ran away into the mountains. There were ~~quiet~~ <sup>weird</sup> villages around the land. We came to an empty cave with a pool of water inside. We went in. We made it seem home-like. ~~It~~ We had a fire, a big bed of leaves. We ate rabbits and frogs, green berries too."

There was a sun and moon there.  
~~The days~~ We stayed there for 2 months.

We gathered the metal scraps, cables, ect.

We melted and nailed, tested and tore,  
We made a frame of the space ship.

All we needed was cables, and electronics.

George came on the 3rd of September.

He brought every thing we needed.

We worked and in 12 days we were ready.

We rolled the space ship to the desert.

There we launched. We made it into the  
atmosphere when the ship began to fly

to the side, up, down, and that. We were  
bruised for ~~24~~ 12 hrs. Then we crashed. Our

ship ~~land~~ crashed and made a hole ~~15 paw~~

5 paws. We got out, and there was a grassy

lawn, a ~~garger~~ garden growing, 4 trees,

a house which was pink. There we lay till we got  
enough strength. We moved to a tree and sat down.

At evening a boy and girl came out. They were tall.

We talked. They helped us build another ship. We landed  
in Selma, CA in the Riojas' yard. We took off on the 24th  
and landed on the 28th in Puerto Rico, Az.
